COMMENTS OF LONDON BRIDGE BROADCASTING INC.

1. London Bridge Broadcasting, Inc. ("London Bridge")
would like to comment in favor of the above-referenced Petition for Rule
Making filed by the Community Broadcasters Association ("CBA") on June 10,
1991.

2. London Bridge is a pioneer low power television ("LPTV")
broadcaster, having put K45AJ, Lake Havasu City, Arizona, on the air in 1984.
Our community of license has under 20,000 residents. Our station provides
local programming and is the only way that a community as small as ours can
economically support local broadcast television service.

3. CBA's petition merits the Commission's careful attention and should
be approved. We are prepared to continue to provide local service to the
community, and we have a track record to prove it. It would certainly help if
we had recognition from the FCC. It would be especially helpful to have
regular broadcast call letters, to help distinguish our station from the many

television translators that the county government operates to serve our area.

We are different. We provide more service. We should be treated accordingly.

Respectfully submitted,
LONDON BRIDGE BROADCASTING, INC.
